## *~ Show Me Silk ~*

*Dan stood looking through the bedroom window and waited, making sure she'd gone before he went and dug out the silk stockings he'd seen her tuck into the top dresser drawer. Six months married, he hadn't told Sandy about his little fetish, hadn't found the courage. Pressing the gossamer-softness against his face and inhaling, had an added taste of the forbidden if it was secret. His erection was immediate. Shorts thrust impatiently around his knees; he gripped his cock and squeezed. Eyes closing, he became lost in his fantasy.*

*"Like those do you?"*

*His heart lurched, then raced wildly. He open his eyes, felt trapped, terrified. He spun around, fumbling with her stockings and his cock, trying to hide his excitement.*

*"Stop!" Sandy stood watching his frantic attempt to conceal what she'd obviously seen.*

*His face burned with embarrassment. His cock, still firmly in hand, was as limp as a dishrag.*

*"Sandy, I.... Please, I won't —I..."*

*"No, shut up and listen."*

*He froze.*

*"Turn around. Face me properly."*

*Sheepishly, eyes downcast, he turned and faced her. One hand shielded his prick, the other, behind him, held the stocking.*

*"You should've told me."*

*"I know. I'm sorry."*

*"Quiet!" she snapped. "Show me."*

*Shocked, he glanced up. She smiled, nodding.*

*Heart racing, his cock thickened in his hand at the merest flick and tug. Eyes fastened on her; he brought the stocking out and wrapped it around his growing erection. The sensual caress of the silk brought him to the edge almost immediately. When he saw her hand move between her thighs, it proved too much and his cock throbbed. Gasping, fighting to stop the impending explosion, he shuddered and came.*
